

# VERONNEAU: A Preview

## Added Fluidity to Outdated Designs

*New Heirarchy and Introducing Responsive Menu and Elements Guides Potential Venues to the Show Rather than Tell*

### Fluidity:

- \* Responsive Queries
- \* Fluid-width elements
- \* Fixed top-menu
- \* New elements re-establish site's real estate
- \* Menu button introduced
- \* Javascript call to open mobile site at certain width
- \* Javascript call to keep menu open when active for handheld devices
- \* Soundcloud and Youtube embedded players

### Design:

- \* Heirarchy of content developed, certain elements introduced
- \* Larger, cleaner font maximizes readability of short bio
- \* Fixed top-menu assures nav security throughout site
- \* Top-menu's touch-sensitive frosted glass reveals floral tonality with clean white transition
- \* Transitions give viewer structural confidence when changing orientation
